

LET'S SCREW PICASSO'S ART FACE

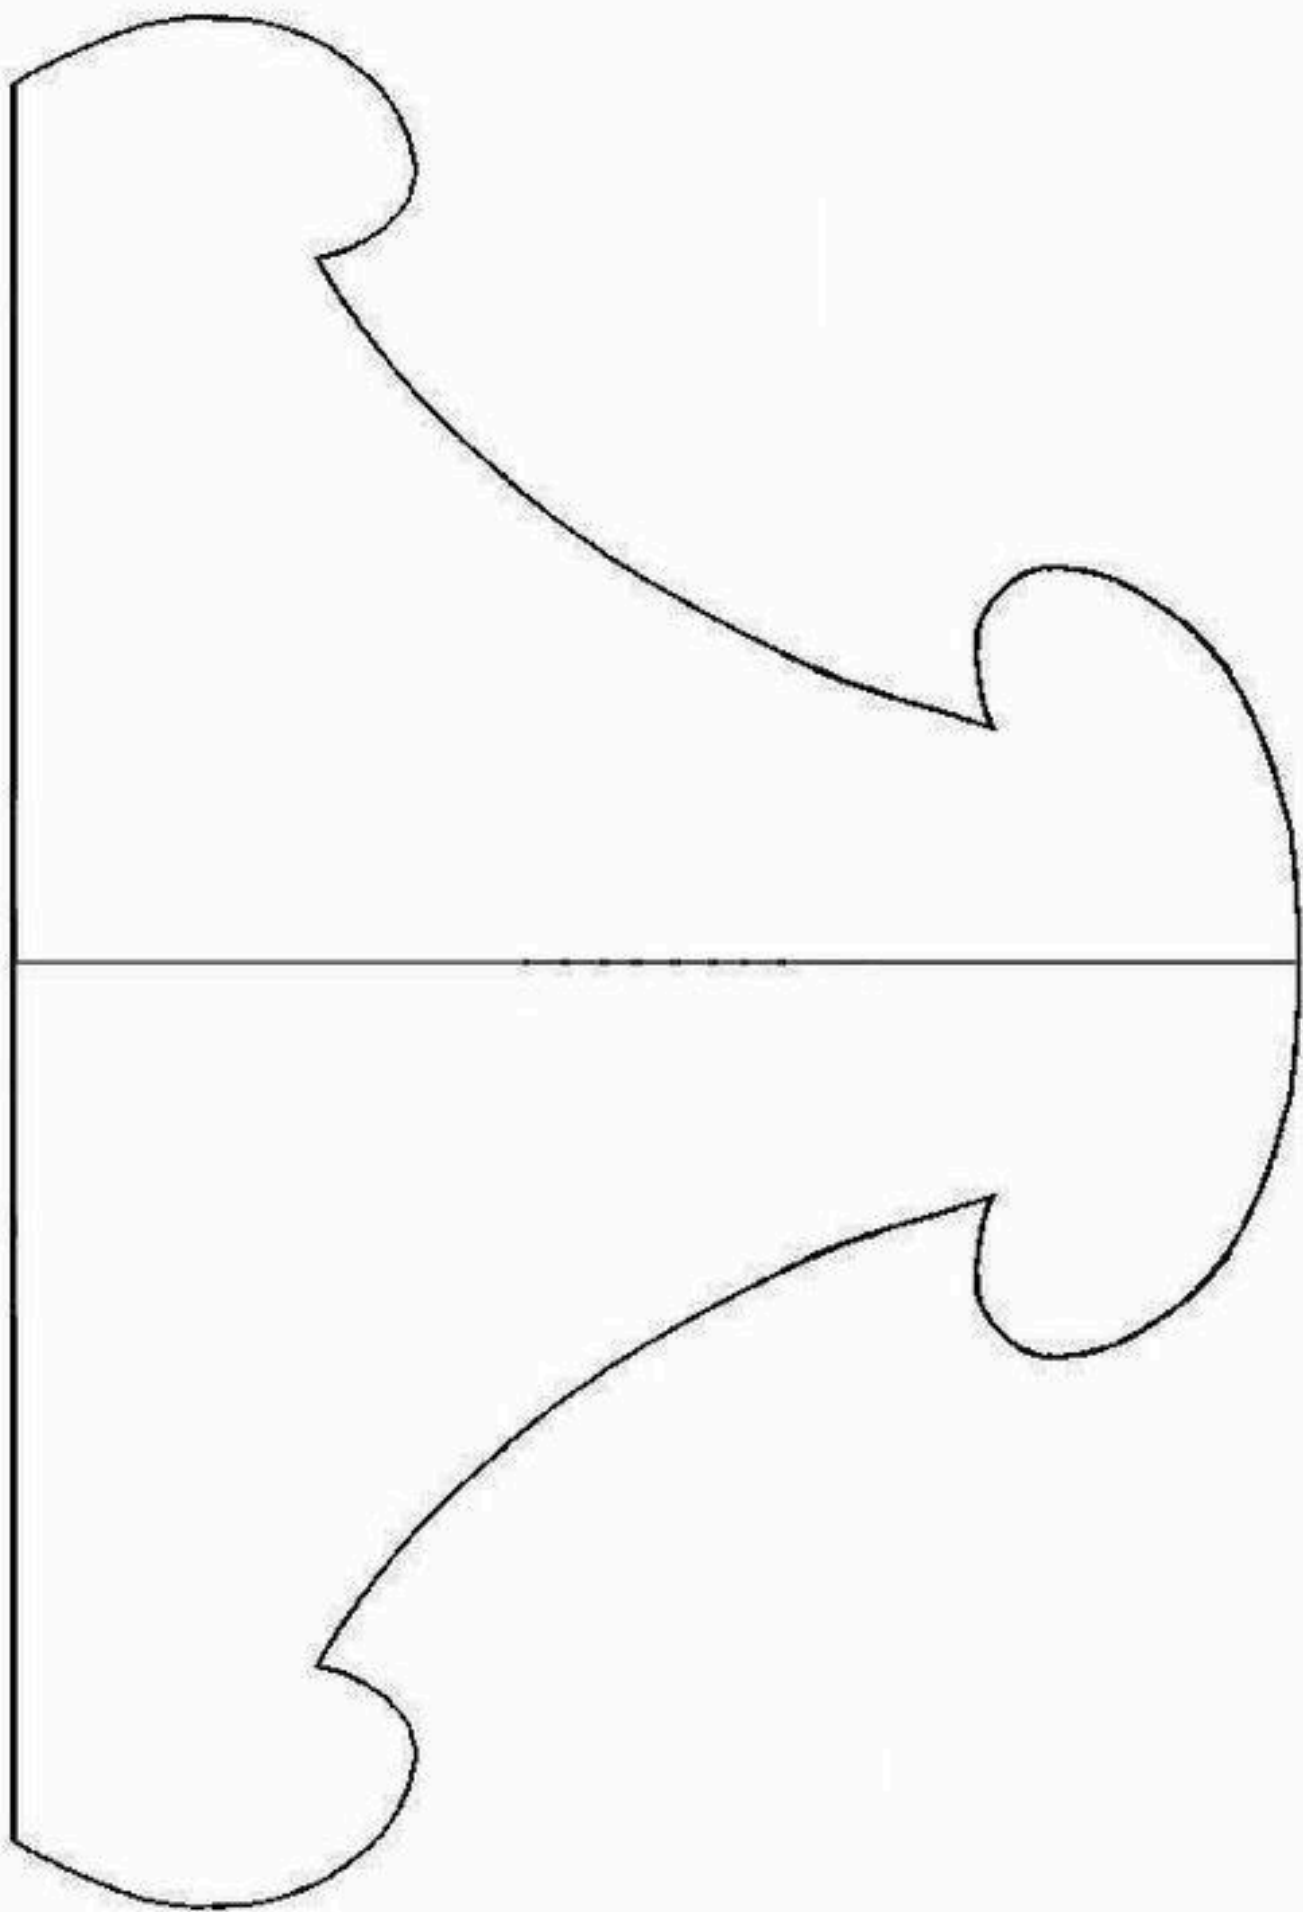

Here's what you need to do:

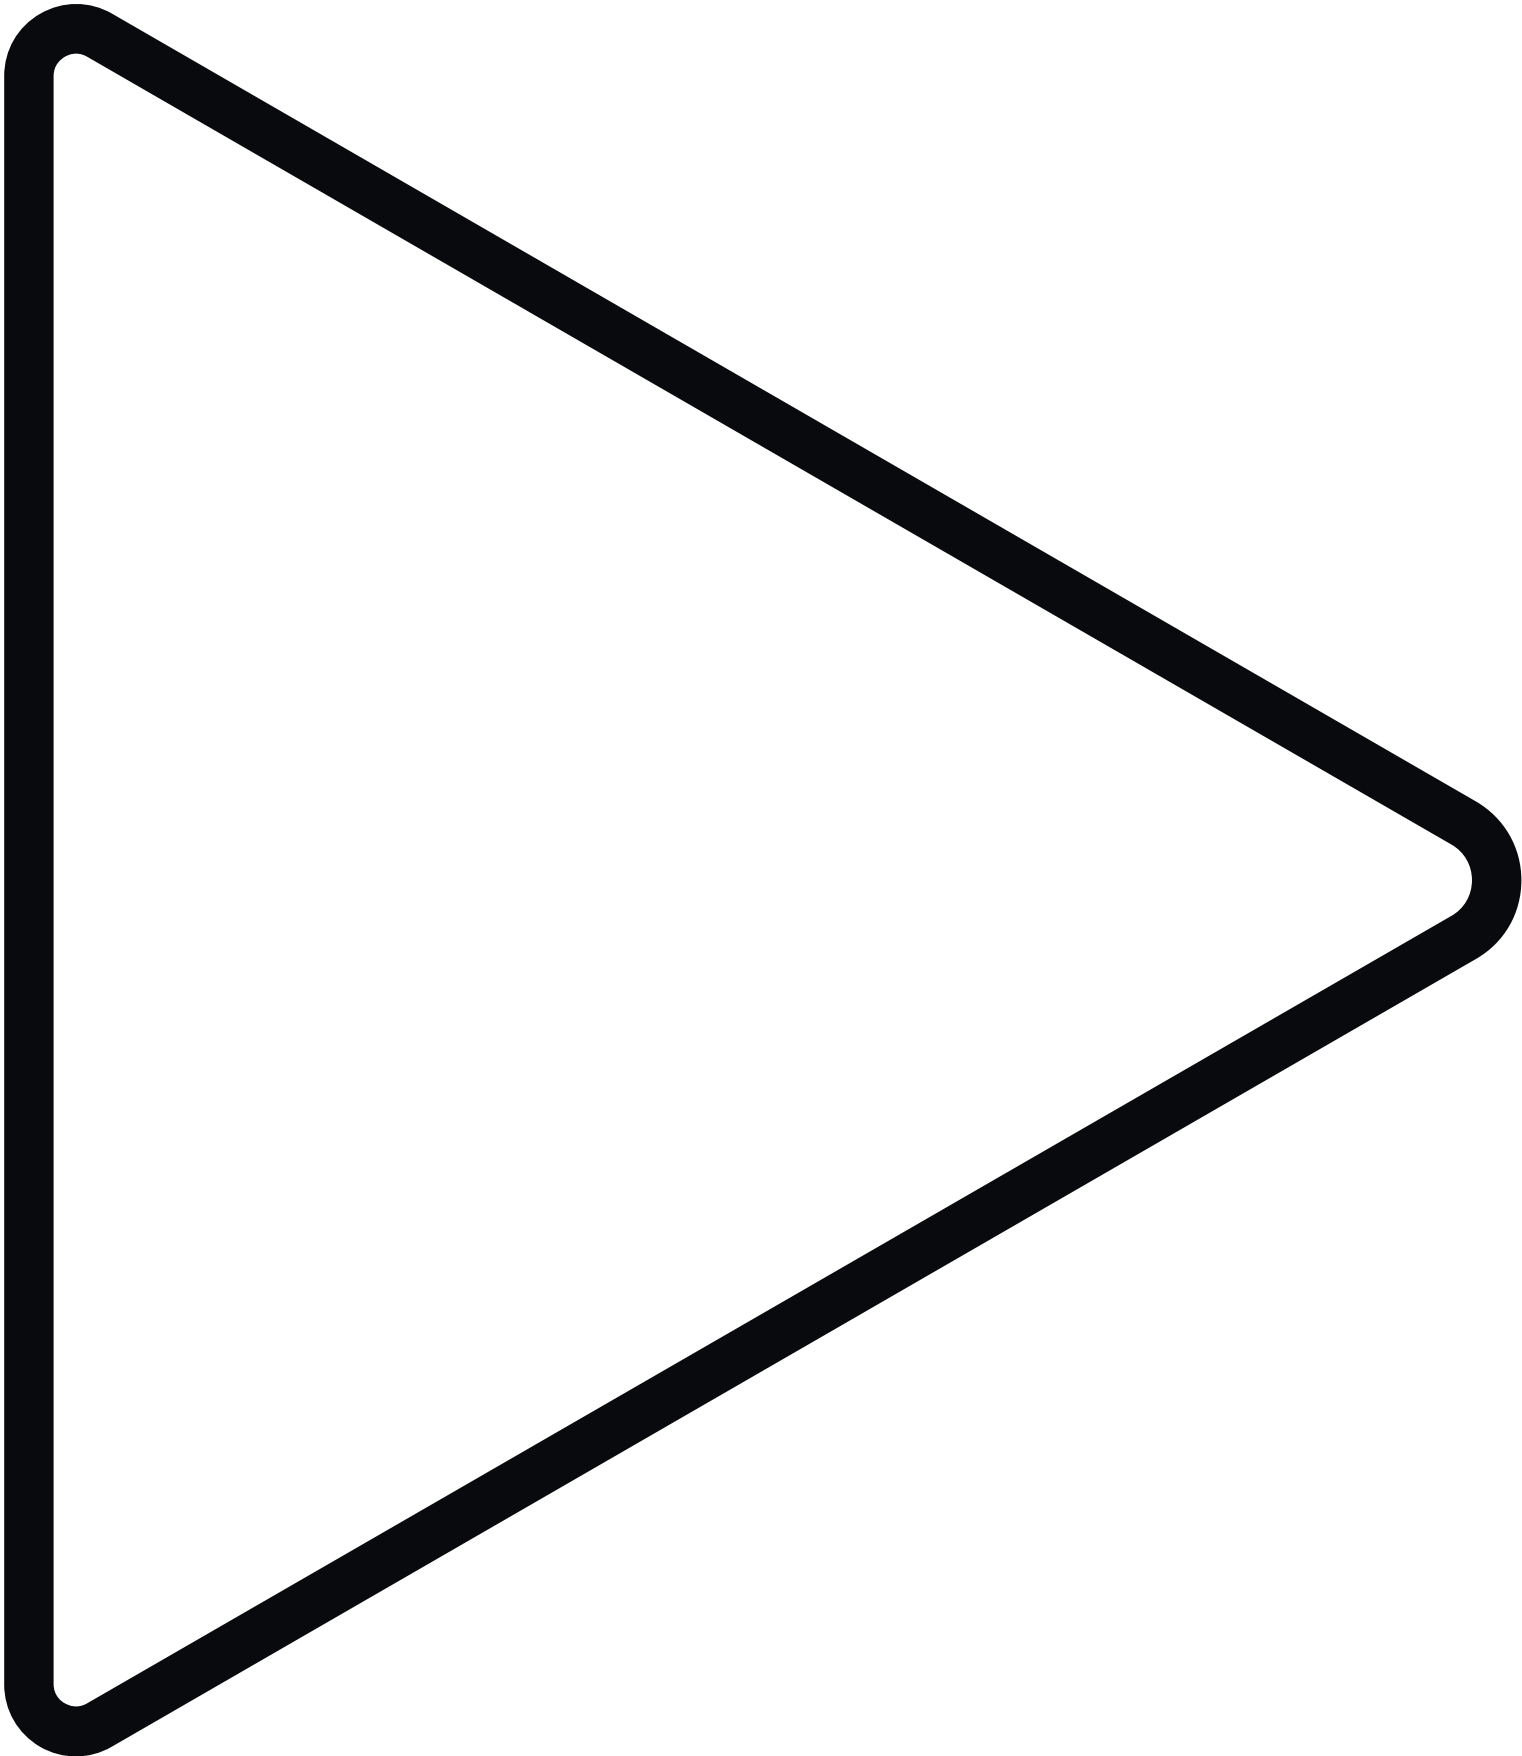

1. You'll need some pieces of cardboard to make eyes, lips, ears, a nose, hair, and eyebrows. You'll also need a bigger piece of cardboard for the face and the stand.
2. Cut out the face and different face parts from the cardboard.
3. We suggest making holes in the parts first using a hole punch, attaching them, and then painting them.
4. You can watch this video to learn more about the artist's work:
<https://rutube.ru/video/3dc900efI204824c8dI7bI4a7506ca05/>
5. Attach the face parts wherever you like, and then paint them.
6. If you want, you can make a stand.
